FORCIBLE ENTRY & EXIT

“HANDS – ON TRAINING”

Anytime during a commercial or residential fire you may be confronted with unique challenges attempting to enter or exit today's modern structures. This class will demonstrate what storeowners and homeowners are doing to keep burglars out, while increasing the difficulty for a firefighter's quick entry or exit to be nearly impossible. Topics include size-up, rotary saws, chainsaws, building construction & tool selection. This intense **“HANDS – ON”** training will utilize eight realistic props including metal & wood doors, garage doors, windows, security bars and much more.

DATE: October 31, 2010

TIME: 8:30 am to 5:00 pm

LOCATION: Conway Fire Dept. Training Facility, 1525 Sturgis Rd, Conway, AR

COURSE FEES: \$100.00 per student. Includes 8 hours of intense hands on training and refreshments for breaks and lunch
